Headteacher: Mr R Baker

Child Protection Policy

Policy updated May 2017

Ratified by Governors on 28th June 2017.
This is an interim policy that will be updated again in the
Autumn Term 2017.

Mr M. Aspden

SIDDAL MOOR CHILD PROTECTION POLICY FEBRUARY 2017

Named Designated Person: Matt Aspden and Trish McLoughlin

Members of CP team:

| | |
|------------------|----------------|
| Bev Wilsher | Paul Cooke |
| Majella Keenan | Kim Mears |
| Simon Heppolette | Steve Walmsley |
| Debbie Gibbs | |

Named Governor: Karen McCarthy

Training:

All staff training is up to date. The register is kept with the Child Protection Lead. Foundation training is provided each year for new staff and those who need to update their training. All staff receive refresher training each September led by the Child Protection Lead. Governors receive training with the Child Protection lead.

DEVELOPING A WHOLE SCHOOL POLICY ON SAFEGUARDING & CHILD PROTECTION

1. PURPOSE OF A CHILD PROTECTION POLICY

An effective whole school Safeguarding policy is one which provides clear direction to staff and others about expected codes of behaviour in dealing with Safeguarding issues. An effective policy also makes explicit the school's commitment to the development of good practice and sound procedures. This ensures that Safeguarding concerns and Child Protection referrals may be handled sensitively, professionally and in ways which prioritise the needs of the child.

2. INTRODUCTION

This policy is for all staff and Governors at Siddal Moor Sports College.

Our school fully recognises the contribution it can make to protect children and support pupils in school.

There are three main elements to our Safeguarding Policy.

- (a) **Prevention:**
(e.g. positive school atmosphere, teaching and pastoral support to pupils).
- (b) **Protection:**
(By following agreed procedures, ensuring staff are trained and supported to respond appropriately and sensitively to Child Protection concerns/disclosures).
- (c) **Support:**
(To pupils and school staff and to children who may have been abused).

This policy applies to all staff, Governors and volunteers in our school

3. SCHOOL COMMITMENT

We recognise that high self-esteem, confidence, peer support and clear lines of communication with trusted adults helps all children, and especially those at risk of or who are suffering significant harm. Our school will therefore:

- (a) Establish and maintain an ethos where children feel secure and are encouraged to talk, and are listened to. (EG through pastoral system, different methods of reporting concern, student voice?)
- (b) Ensure that children know that there are adults in the school who they can approach if they are worried or are in difficulty. (Inclusion board in atrium, form tutor system, buddying with older children)
- (c) Include in the curriculum activities and opportunities for PSHE which equip children with the skills they need to stay safe and / or communicate their fears or concerns about abuse. (Specific PSHE lessons, drop down days, outside providers, ICT lessons)

- (d) Include in the curriculum material which will help children develop realistic attitudes to the responsibilities of adult life, particularly with regard to childcare and parenting skills. (Eg PSHE lessons, assemblies, preparation for working life, ASDAN)
- (e) Ensure that every effort will be made to establish effective working relationships with parents and colleagues from other agencies.

4. FRAMEWORK

Education staff have a crucial role to play in helping identify welfare concerns and indicators of possible abuse or neglect, at an early stage: referring those concerns to the appropriate organisation (eg social services, Police), contributing to the assessment of a child's needs using the Children's Needs and Response Framework and, in particular, using and embedding the Common Assessment Framework as an early intervention assessment tool. They will also be well placed to give a view on the impact of treatment or intervention on the child's care or behaviour.

Safeguarding is the responsibility of *all* adults and especially those working with children. The development of appropriate procedures and the monitoring of good practice are the responsibilities of the Rochdale Borough Safeguarding Children Board (RBSCB).

www.rbscb.org will provide any further information needed on the Safeguarding Board.

5. ROLES AND RESPONSIBILITIES

- *All* adults working with or on behalf of children have a responsibility to safeguard and promote the welfare of children. There are, however, key people within schools and the Local Authority who have specific responsibilities under Child Protection procedures. The names of those carrying these responsibilities in school for the current year are listed on the cover sheet of this document.
- The Designated Safeguarding Lead oversees the work of the CP team, reports to Governors, meets with Lead CP Governor and takes on any caseload as required. DSL also takes on workload which may be particularly distressing or stressful for staff to manage
- DSL reports to Headteacher regularly and DSL is a member of SLT. SLT are kept informed of students they need to be aware of.
- Named Governor completes CP audit where files are anonymised. It is critical that access to student files is confidential and only shared with CP staff on a need to know basis. The Governing body is accountable for ensuring that the education setting has effective policies and procedures in place in accordance with this guidance, and for monitoring the school's compliance with them. Neither the governing body, nor individual governors, have a role in dealing with individual cases or a right to know details of cases (except when exercising their disciplinary functions in respect of allegations against a member of staff). All Governors have access to CP training and are aware of the numbers of students we deal with each year. DSL reports regularly to Governors.

- Within the local authority we have this support:

Education Safeguarding Officer - 01706 925384

Education Welfare Service - Tel: 01706 925115

Multi Agency Screening Service - Tel: 0300 303 0440

Out of Hours, Emergency Duty Social Work Team - Tel: 0300 303 8875

**Local Authority Designated Officer (Allegations of Professional Abuse) -
Tel: 01706 925365**

Safeguarding Unit – 0300 303 0350

External Agency

**Police Protection and Investigation Unit (PPIU) - Tel: 0161 856 4810 (CP)
0161 856 8757 (DV)**

6. PROCEDURES

Where it is believed that a child is suffering from, or is at risk of significant harm, we will follow the Rochdale Borough Multi-Agency Safeguarding Children procedures located at www.rbscb.org

- Staff are informed of updates or changes through whole staff training led by DSL
- New staff to school have induction including CP session. Supply staff and volunteers are given clear procedures to follow when they start work here
- There is information on the school website about child protection for parents and carers to access

Child Protection procedures are available to all staff in the staff handbook which is issued to all staff each year. This is a simple step approach for all staff to follow.

7. TRAINING AND SUPPORT

- Our school will ensure that the Head Teacher, the Designated Safeguarding Lead and the nominated governor for Child Protection attend training relevant to their role' at regular intervals. The Designated Safeguarding Lead will also attend Multi-Agency Child Protection training within this timescale.
- All teaching and support staff receive foundation training. This is also made available to site staff, catering staff and the admin team
- Refresher training is given each September (DSL)
- Staff can speak to any member of the CP team if they are concerned or unsure about anything in relation to CP.

8. CONFIDENTIALITY

8.1 Confidentiality is an issue which needs to be discussed and fully understood by all those working with children, particularly in the context of Child Protection.

- Guidelines for procedure in school are clear about confidentiality (see handbook)
- Staff are aware that they cannot keep a secret and any disclosure must immediately be passed on to the CP team and not the parents / carers of the child
- The CP team will then involve relevant agencies.

- 8.2 Professionals can only work together to safeguard children if there is an exchange of relevant information between them. This has been recognised in principle by the courts. Any disclosure of personal information to others, (including Children’s Social Care staff and the police), must always have regard to both common and statute law.
- 8.3 Normally, personal information should only be disclosed to third parties (including other agencies) with the consent of the subject of that information (*Data Protection Act 1998, European Convention on Human Rights, Article 8*). Wherever possible, consent should be obtained before sharing personal information with third parties. In some circumstances, consent may not be possible or desirable but the safety and welfare of a child dictate that the information should be shared. The law permits the disclosure of confidential information necessary to safeguard a child or children. Disclosure should be justifiable in each case, according to the particular facts of the case, and legal advice should be sought if in doubt.

9. RECORDS AND MONITORING

- 9.1 Well-kept records are essential to good Child Protection practice. Our school is clear about the need to record any concerns held about a child or children within our school, the status of such records and when these records, or parts thereof, should be shared with other agencies. There is also a need to share important education and any CP information at the point of a child’s transition to another education establishment. (See RBC’s Child Protection Information Sharing at Transition Protocol)
- 9.2 All concerns are written up and filed in confidential CP filing cabinet. Only members of the CP team have access to this cabinet. Each child has a file rather than each family. This filing cabinet is kept locked at all times. If a teacher reports a disclosure they have to write this up either by hand or in an email. This is then added to the child’s file by a member of the CP team. The member of the CP team then becomes the key worker for that case and will follow through actions with outside agencies. This is of course unless the child is already allocated to another member of staff – this information can be found in the CP files. The Head of Year may be informed that there is a concern involving the child but only if this is supportive of the child. Parents do not have access to these files. If a child transfers or leaves the school, the file goes with them once it has been requested. Files are not sent through normal delivery post.

10. CHILD PROTECTION CONFERENCES

CP Conferences are only attended by members of the CP team. New members go to meetings with a CP team member who has managed many cases in the past until they have the understanding and ability to attend alone. Reports for conferences are written by the team member who is attending – support is given by DSL where required.

11. SUPPORTING PUPILS AT RISK

- 11.1 Our school recognises that children who are abused or who witness violence may find it difficult to develop a sense of self-worth and to view the world in a positive way. This school may be the only stable, secure and predictable element in the lives of children at risk. Whilst at school, their behaviour may still be challenging and defiant and there may even be moves to consider exclusion from school.

It is also recognised that some children who have experienced abuse may in turn abuse others. This requires a considered, sensitive approach in order that the child can receive appropriate help and support¹.

¹Guidance for schools on the management and support of harmful sexual behaviours presented by children and young people, for example, is available at www.rbscb.org

11.2 This school will endeavour to support pupils through:

- (a) The curriculum, to encourage self-esteem and self-motivation;
- (b) The school ethos, which promotes a positive, supportive and secure environment and which gives all pupils and adults a sense of being respected and valued;
- (c) A consistent approach, which recognises and separates the cause of behaviour from that which the child displays. This is vital to ensure that all children are supported within the school setting;
- (d) Regular liaison with other professionals and agencies who support the pupils and their families, in-line with appropriate confidentiality parameters;
- (e) A commitment to develop productive, supportive relationships with parents, whenever possible and so long as it is in the child's best interests to do so;
- (f) The development and support of a responsive and knowledgeable staff group trained to respond appropriately in Child Protection situations.

11.3 This policy should be considered alongside other related policies in school.

These are:

- Supporting Pupils with Medical Needs
- Staff Codes of Conduct – Guidance for Safe Working Practice for the Protection of Children and Staff in Education Settings (updated by Rochdale BC in May 2015)
- Behaviour Management Policy
- Anti-bullying
- Special Educational Needs
- Health and Safety
- E-safety
- Allegations of Abuse Against Staff

11.4 We recognise that, statistically, children with behavioural difficulties and disabilities are particularly vulnerable to abuse. School staff who work, in any capacity, with children with profound and multiple disabilities, sensory impairment and/or emotional and behaviour problems will need to be particularly sensitive to signs of abuse.

It must also be stressed that in a home environment where there is domestic abuse, drug or alcohol misuse, children may also be particularly vulnerable and in need of support or protection.

12. Protecting children from radicalisation: the prevent duty (DfE June 2015)

The Counter-Terrorism and Security Act 2015 places a duty on specified authorities, including local authorities and childcare, education and other children's services providers, in the exercise of their functions, to have due regard to the need to prevent people from being drawn into terrorism ("the Prevent duty"). Young people can be exposed to extremist influences or prejudiced views, in particular those via the internet and other social media. Schools can help to protect children from extremist and violent views in the same ways that they help to safeguard children from child sexual exploitation, drugs, gang violence or alcohol.

The Prevent strategy aims to protect vulnerable people from being drawn into terrorism. While it remains rare for children and young people to become involved in terrorist activity, young people from an early age can be exposed to terrorist & extremist influences or prejudiced views. We recognise that as with other forms of safeguarding strategies, early intervention is always preferable. Our school is committed to working with other local partners, families and communities, and we will play a key role in ensuring young people and their communities are safe from the threat of terrorism.

We also recognise that our School has a duty of care to our pupils and staff which includes safeguarding them from the risk of being drawn into terrorism. Being drawn into terrorism includes not just violent extremism but also non-violent extremism, which can create an atmosphere conducive to terrorism and can popularise views which terrorists exploit. Prevent can work within both violent and non-violent extremism arenas and can include topics such as hate crime, racism, bullying, on line safety and extreme political views.

Our School is committed to:

- Establishing a single point of contact in terms of safeguarding
- Assess risk of students being drawn into terrorism
- Develop an action plan to reduce the risk
- Train staff to recognise radicalisation and extremism
- Refer vulnerable people to Channel
- Prohibit extremist speakers and events
- Manage access to extremist material - ICT filters
- Be confident about British Values

We recognise that some young people, who are vulnerable to extreme views, may find it difficult to develop a sense of self-worth and to view the world in a positive way. We also recognise that their behaviour may be challenging at times and that some may cause offence or harm to others.

We will therefore always take a considered and sensitive approach in order that we can support all of our pupils by:

- providing a safe environment for children and young people to learn and develop in our school setting, and
- identifying children and young people who are particularly vulnerable to extreme views / radicalisation and taking appropriate action in accordance with the schools Safeguarding procedures with the aim of making sure they are kept safe both at home and in our school setting.

- making appropriate referrals to the Local Authority for early intervention and support where necessary
- ensuring that staff member(s) or governor(s) responsible for safeguarding are kept fully aware of their responsibilities by attending relevant training and briefings
- letting staff, parents and pupils know how to voice their concerns
- responding to any allegations appropriately in accordance with appropriate school policies and procedures

Further departmental advice available at:

https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/439598/prevent-duty-departmental-advice-v6.pdf

13. Female Genital Mutilation

Mandatory Reporting Duty

Section 5B of the Female Genital Mutilation Act 2003 (as inserted by section 74 of the Serious Crime Act 2015) will place a statutory duty upon **teachers¹⁰, along with social workers and healthcare professionals, to report to the police** where they discover (either through disclosure by the victim or visual evidence) that FGM appears to have been carried out on a girl under 18. Those failing to report such cases will face disciplinary sanctions. It will be rare for teachers to see visual evidence, and they should not be examining pupils, but the same definition of what is meant by “to discover that an act of FGM appears to have been carried out” is used for all professionals to whom this mandatory reporting duty applies.

10 Section 5B(11) of the Female Genital Mutilation Act 2003 (as inserted by section 74 of the Serious Crime Act 2015) provides a definition for the term ‘teacher’.

The Mandatory reporting duty will commence in October 2015. Once introduced, teachers must report cases where they discover that an act of FGM appears to have been carried out to the police. Unless the teacher has a good reason not to, they should still consider and discuss any such case with the school’s designated safeguarding lead and involve children’s social care as appropriate.

14. Children Missing Education (DfE statutory guidance) January 2015

Our school/college follows Rochdale Council CME guidance which outlines Rochdale Borough Council’s systems for identifying and maintaining contact with children missing from education and the steps taken to identify those at risk.

In accordance with guidance, a child missing from education is defined as someone of compulsory school age who is not on a school roll, not being educated otherwise (e.g. at home, in independent schools or in alternative provision) or who has been out of any educational provision for four weeks or more.

There are a number of reasons why children fall out of the education system, including when they:

- fail to start appropriate provision and hence never enter the system;
- cease to attend, failing to return after exclusion or withdrawal; or

- fail to complete a transition between providers (e.g. after moving to a new Local Authority).

Difficulties can also arise when children enter or leave provision where information is not routinely exchanged (e.g. between Independent Schools, Voluntary Organisations) or where arrangements straddle more than one Local Authority and where moves are between different countries.

15. **Forced Marriage & Honour Based Violence**

Forced marriage is a human rights abuse. It can constitute both child abuse and sexual abuse. The United Nations considers it a form of trafficking, sexual slavery, and exploitation. Some, however, still see it as a private, personal, domestic, family, religious, or cultural issue.

A clear distinction must be made between a **forced** marriage and an **arranged** marriage. The tradition of arranged marriages has operated successfully within many communities and many countries for a very long time. In arranged marriages, the families of both spouses take a leading role in arranging the marriage but the choice of whether or not to accept the arrangement remains with the child/young person.

Forced marriage, whether a religious or civil ceremony, cannot be justified on religious grounds. Every major faith condemns it and freely given consent is a prerequisite of Christian, Jewish, Hindu, Muslim and Sikh marriages.

In forced marriage, one or both spouses do not consent to the marriage and some element of duress is involved. Duress includes both physical and emotional pressure and abuse.

Forced marriage is primarily, but not exclusively, an issue of violence against females. Most cases involve young women and girls aged between 13 and 30, although there is evidence to suggest that as many as 15% of victims are male. The school/college follows Rochdale Multi-Agency Safeguarding Children procedures for cases of dealing with forced marriage for a child/young person under 18 years of age and any individual in school/college who receives information, or has reason to believe that a child/young person is at risk of or subject to a forced marriage, should speak with the DSL in school/college who should then make a CP referral to MASS in line with the procedures.

(http://greatermanchesterscb.proceduresonline.com/chapters/p_force_marriage.html)

Honour based violence is a violent crime or incident which may have been committed to protect or defend the honour of the family or community. It is often linked to family members or acquaintances who mistakenly believe someone has brought shame to their family or community by doing something that is not in keeping with the traditional beliefs of their culture.

16. Child Sexual Exploitation

Child sexual exploitation (CSE) involves exploitative situations, contexts and relationships where young people receive something (for example food, accommodation, drugs, alcohol, gifts, money or in some cases simply affection) as a result of engaging in sexual activities. Sexual exploitation can take many forms ranging from the seemingly 'consensual' relationship where sex is exchanged for affection or gifts, to serious organised crime by gangs and groups. What marks out exploitation is an imbalance of power in the relationship. The perpetrator always holds some kind of power over the victim which increases as the exploitative relationship develops. Sexual exploitation involves varying degrees of coercion, intimidation or enticement, including unwanted pressure from peers to have sex, sexual bullying including cyberbullying and grooming. However, it is also important to recognise that some young people who are being sexually exploited do not exhibit any external signs of this abuse.

There is a strong commitment from all key partners under the banner of Project Phoenix to improve our collective knowledge and understanding of child sexual exploitation in Greater Manchester and to develop a consistent and effective approach to identifying and responding to it.

Therefore Phoenix has agreed to use the definition developed by the Children's Society in collaboration with young people, which is:

'Someone taking advantage of you sexually, for their own benefit. Through threats, bribes, violence, humiliation, or by telling you that they love you, they will have the power to get you to do sexual things for their own, or other people's benefit or enjoyment (including: touching or kissing private parts, sex, taking sexual photos)'

As in all cases, concerns that a child may be at risk of sexual exploitation will be discussed with the education establishment's DSL and a decision made as to whether there needs to be consultation with and a CP referral to Rochdale MASS.

Rochdale has a dedicated CSE team - 'Sunrise' based within the MASS and this team tackles sexual exploitation and related harm in the borough of Rochdale.

The team includes professionals from the police, children's social care, sexual health and Early Break.

They provide a safe and confidential environment where young people can go for help, advice and support. Children are offered a range of therapeutic interventions including one-to-one counselling, group-work sessions and drop-in support.

They also remind people about child sexual exploitation, so they know what it is and that it's happening. Working with schools we deliver preventative education programmes and provide specialist training to professionals so they know what signs to look out for.

17. Peer on Peer Abuse

Staff will recognise that children are capable of abusing their peers and this should never be tolerated or passed off as 'banter' or 'part of growing up'. Peer on peer abuse occurs when a child intentionally threatens, harms or causes distress to another child. Staff will refer any concerns immediately to the designated safeguarding Leads. It may be considered a safeguarding matter if the allegation is around:

- Physical Abuse
- Violence, particularly pre-planned
- Forcing others to use drugs or alcohol
- Emotional Abuse
- Blackmail or extortion
- Threats and intimidation
- Sexual Abuse
- Indecent exposure, indecent touching or serious sexual assaults
- Sexting
- Bullying
- Gender based abuse
- Sexualised touching
- Violence
- Gang initiation/hazing

Hazing is the practice of rituals and other activities involving harassment, abuse or humiliation used as a way of initiating a person into a group. Hazing is seen in many different types of social groups, including gangs, sports teams, schools and military units. The signs of this may include:

- Changes in behaviour
- Sudden reluctance or refusal to participate or engage
- Avoiding particular pupils
- Staying close to adults
- Self-harm
- Angry outbursts
- Decline in academic performance
- Excluding themselves
- Sudden development of sexualised behaviours
- Vague disclosure

Other

- Staff need to be fully aware of the dangers and risks associated with electronic communications. Consequently, they **MUST** ensure that they do **NOT** engage in inappropriate electronic communication of any kind with a child.

INDICATORS

The school acknowledges that members of staff will not be experts at recognising where abuse may occur, or has already taken place, however staff will be expected to look out for any of the following indicators and take the appropriate action. The child may:

- Show unexplained or suspicious injuries such as bruising, cuts or burns, particularly if situated on a part of the body not normally prone to such injuries
- Have an injury for which the explanation seems inconsistent
- Describe what appears to be an abusive act in which they were involved – verbally or in written form such as an essay or drawing
- Show unexplained changes in behaviour - e.g. becoming very quiet, withdrawn, or displaying sudden outbursts of temper or hysteria. Academic work may suddenly deteriorate at this time
- Demonstrate age inappropriate sexual awareness
- Engage in sexually explicit behaviour in games/PE or other areas of the school
- Be distrustful of adults, particularly those with whom a close relationship will normally be expected
- Have difficulty in making friends
- Be prevented from socialising with other children
- Showing signs of depression, self-injury, suicidal tendencies
- Display variations in eating patterns including overeating or loss of appetite
- Lose weight for no apparent reason
- Become increasingly dirty or unkempt, with inadequate or damaged clothing

The above list is not exhaustive and the presence of one or more of the indicators will not be proof that abuse is actually taking place. It is not the responsibility of members of staff to decide that child abuse is occurring, but it is their responsibility to act on any concerns.

18. **SAFER SCHOOLS, SAFER STAFF**

Staff are advised that physical contact with a child should only be made when preventing them from harming themselves or others. Staff are advised that they should avoid situations where they are on their own with a child and that they should keep their classroom door open.

Staff are advised to refer queries about sexual activity (which is outside of planned lessons) to the CP team.

Further advice can be found at: www.rbscb.org 'Working with Sexually Active Young People Under the Age of 18'.

See DfE Statutory Guidance on 'Keeping Children Safe in Education' with effect from 5th September 2016

Siddal Moor follows safer recruitment guidelines as set out by RBSCB

Allegations against staff are reported to the Headteacher and where necessary the LADDO

Also, go to: www.rbscb.org for Allegations Management Procedures.

19. SCHOOL CHILD PROTECTION PROCEDURES

What Should Staff/Volunteers Do If They Have Concerns About A Child or Young Person in School?

Education professionals who are concerned about a child's welfare or who believe that a child is or may be at risk of abuse should pass any information to the Designated Safeguarding Lead (DSL) in school; this should *always* occur as soon as possible and certainly within 24 hours.

The Designated Safeguarding Lead is: Matt Aspden / Trish McLoughlin

It is these senior colleagues who are responsible for taking action where the welfare or safety of children or young people is concerned. If staff are uncertain about whether their concerns are indeed 'Child Protection' then a discussion with their DSL/line manager will assist in determining the most appropriate next course of action¹:

¹Guidance for schools on the management and support of harmful sexual behaviours presented by children and young people, for example, is available at www.rbscb.org

Staff should never:

Do nothing/assume that another agency or professional will act or is acting.
Attempt to resolve the matter themselves.

19.1 What should the DSL consider right at the outset?

- Am I dealing with 'risk' or 'need'? (By definition, a child at risk is also a child in need. However, what is the *priority / level and immediacy* of risk / need and consider the Children's Needs and Response Framework?)
- Can the level of need identified be met:
 - In or by the school or by accessing universal services/without referral to the MASS or other targeted services?
 - By working with the child, parents and colleagues?
 - By completion of an Early Help Assessment (EHA) with parents/carers/child & other professionals
- What resources are available to me/the school and what are their limitations?
- Is the level of need such that a referral needs to be made to the Multi Agency Screening Service requesting that an assessment of need be undertaken? (**Section 17 Child in Need referral**)
- Is the level and/or likelihood of risk such that a Child Protection referral needs to be made (i.e. a child is suffering or is at risk of suffering significant harm? (**Section 47 Child Protection referral**))
- What information is available to me: Child, Parents, Family & Environment?
- What information is inaccessible and, potentially, how significant might this be?
- Who do/don't I need to speak to now and what do they need to know?
- Where can I access appropriate advice and/or support?

- If I am not going to refer, then what action am I going to take? (e.g. time-limited monitoring plan, discussion with parents or other professionals, recording, etc)

19.2 **Feedback to Staff Who Report Concerns to the Designated Safeguarding Lead**

The Designated Safeguarding Lead will decide which information needs to be shared, when and with whom. The primary purpose of confidentiality in this context is to safeguard and promote the child's welfare.

19.3 **Thresholds for Referral to the Multi Agency Screening Service (MASS)**

Where a Designated Safeguarding Lead or line manager considers that a referral to the MASS may be required, there are two thresholds for (and their criteria) and types of referral that need to be carefully considered:

(i) Is this a Child In Need?

Under section 17 (s.17(10)) of the Children Act 1989, a child is in need if:

- (a) S/he is unlikely to achieve or maintain, or to have the opportunity to achieve or maintain, a reasonable standard of health or development, without the provision of services by a local authority;
- (b) His/her health or development is likely to be impaired, or further impaired, without the provision of such services;
- (c) S/he has a disability

(ii) Is this a Child Protection Matter?

Under section 47(1) of the Children Act 1989, a local authority has a duty to make enquiries where they are informed that a child who lives or is found in their area:

- (a) is the subject of an Emergency Protection Order;
- (b) is in Police Protection; or where they have
- (c) **there is reasonable cause to suspect that a child is suffering or is likely to suffer significant harm.**

Therefore, it is the 'significant harm' threshold that justifies statutory intervention into family life. A professional making a Child Protection referral under s.47 must therefore provide information which clearly outlines that a child is suffering or is likely to suffer significant harm.

The Designated Safeguarding Lead will make judgements around 'significant harm', levels of need and when to refer. (Children's Needs and Response Framework)

19.4 **Making Referrals to the MASS (Guidance for the Designated Safeguarding Lead)**

(i) Child In Need/Section 17 Referrals

The DSL should look with other services as part of the Early Help Strategy to complete an Early Help Assessment (EHA) and copy this to: karen.donnelly@rochdale.gov.uk

- This is a request for assessment/support/services and, as such, you **must obtain the consent** of the parent(s) (and child/young person where appropriate), this should be identified on the Early Help Assessment (EHA).
- Where a parent/child/young person refuses to consent, you should make clear your ongoing plans and responsibilities in respect of support, monitoring etc, and the possibility of a Child Protection referral at some point in future if things deteriorate or do not improve. (This is not about threats or saying that this is inevitable but about openness and transparency in dealings with parents).

(ii) Child Protection

Use the multi-agency referral form (MARF found at www.rbscb.org) for referrals to the Multi Agency Screening Service where it is considered that a child may be at risk of or suffering significant harm. If an Early Help Assessment (EHA) is in place then this information must form part of the CP referral and the DSL completes the front sheet of the multi-agency referral form.

- You **do not require the consent** of a parent or child/young person to make a Child Protection referral
- A parent should, **under most circumstances, be informed** by the referrer that a Child Protection referral is to be made. The criteria for not informing parents are:
 - (a) Because this would increase the risk of significant harm to a child(ren), to another member in the family home or to a professional; or
 - (b) Because, in the referrer's professional opinion, to do so might impede an investigation that may need to be undertaken;
 - (c) Because there would be an undue delay caused by seeking consent which would not serve the child's best interests.

See the Rochdale Borough Multi-Agency Safeguarding Children procedures on the RBSCB website for the occasions when parents/carers should not be informed.

Fear of jeopardising a hard won relationship with parents because of a need to refer is **not** sufficient justification for not telling them that you need to refer. To the contrary, this lack of openness will do little to foster ongoing trust, particularly as the source of referrals will be disclosed to parents except in a limited number of circumstances. If you feel that your own or another adult's immediate safety would be placed at risk by informing parents then you should seek advice and/or make this clear on the referral or in any telephone contact with the Multi Agency Screening Service.

19.5 **The MASS Responses to Referrals and Timescales**

In response to a referral, the MASS may decide to:

- Provide advice to the referrer and/or child/family;
- Refer on to another agency who can provide services;
- Undertake an Assessment;
- Convene a Strategy Meeting for referrals under Section 47 of the Children Act;
- Provide support services under Section 17;

- Convene an Initial Child Protection Conference;
- Accommodate the child under Section 20 (with parental consent);
- Make an application to court for an Order;
- Suggest to referring agency that a CAF be completed.

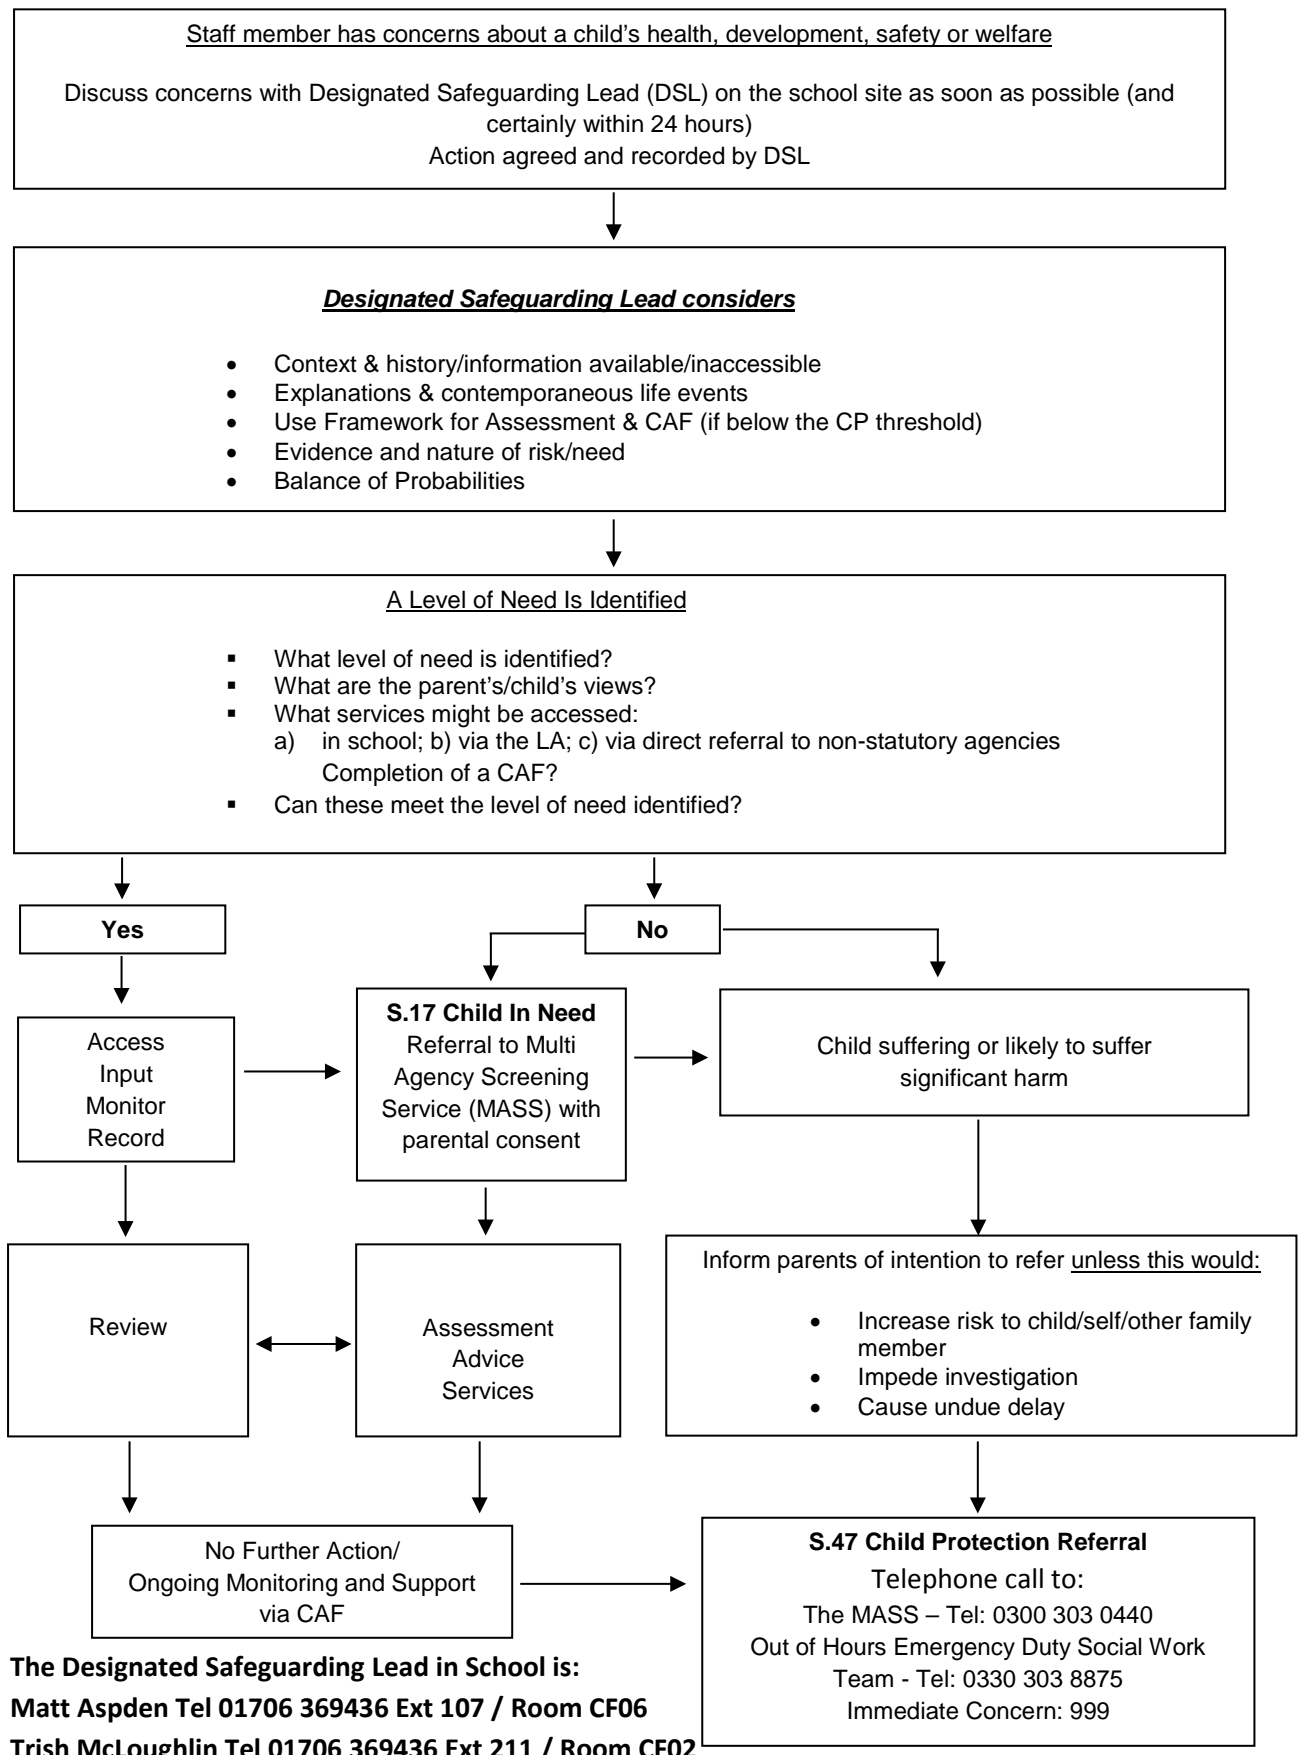

19.6 **Feedback from the MASS**

The MASS has 24 hours within which to make a decision about a course of action in response to a referral. If you do not receive any (same day) verbal feedback following an urgent Child Protection referral, and where this places school / a child(ren) in a vulnerable position, you should ask to speak to the relevant Team Manager at MASS (0300 303 0440) or the Education Safeguarding Officer (01706 925384)

20. **Risk Assessment 'Checklist'**

- Does/could the suspected harm meet the Rochdale Borough Multi-Agency Safeguarding Children definitions of abuse?
- Are there cultural, linguistic or disability issues?
- I am wrongly attributing something to impairment?
- Does the chronology indicate any possible patterns which could/do impact upon the level of risk?
- Are any injuries or incidents acute, cumulative, episodic?
- Did any injuries result from spontaneous action, neglect, or intent?
- Explanations consistent with injuries/behaviour?
- Severity and duration of any harm?
- Effects upon the child's health/development?
- Immediate/longer term effects?
- Likelihood of recurrence?
- Child's reaction?
- Child's perception of the harm?
- Child's needs, wishes and feelings?
- Parents'/carers' attitudes/response to concerns?
- How willing are they to co-operate?
- What does the child mean to the family?
- What role does the child play?
- Possible effects of intervention?
- Protective factors and strengths of/for child (i.e. resilience/vulnerability)
- Familial strengths and weaknesses?
- Possibilities?
- Probabilities?
- When and how is the child at risk?
- How imminent is any likely risk?
- How grave are the possible consequences?
- How safe is this child?
- What are the risk assessment options?
- What are the risk management options?
- What is the interim plan?

APPENDIX 1: TAKING ACTION ON CHILD WELFARE/PROTECTION CONCERNS IN SCHOOL

APPENDIX 2: TALKING AND LISTENING TO CHILDREN

If a child wants to confide in you, you **SHOULD**

- Be accessible and receptive;
- Listen carefully and uncritically, at the child's pace;
- Take what is said seriously;
- Reassure children that they are right to tell;
- Tell the child that you must share the information;
- Make sure that the child is ok ;
- Make a careful record of what was said (see *Recording*).

You should **NEVER**

- Investigate or seek to prove or disprove possible abuse;
- Investigate, suggest or probe for information;
- Ask leading questions of children/young people
- Confront another person (adult or child) allegedly involved;
- Speculate or accuse anybody;
- Make promises about confidentiality or keeping 'secrets';
- Assume that someone else will take the necessary action;
- Jump to conclusions, be dismissive or react with shock, anger, horror, etc;
- Offer opinions about what is being said or the persons allegedly involved;
- Forget to record what you have been told;
- Fail to share the information with the correct person (the Designated Safeguarding Lead).

Children with communication difficulties, or who use alternative/augmentative communication systems

- While extra care may be needed to ensure that signs of abuse and neglect are interpreted correctly, any suspicions should be reported in exactly the same manner as for other children;
- Opinion and interpretation will be crucial (be prepared to be asked about the basis for it and to possibly have its validity questioned if the matter goes to court).

Recordings should

- State who was present, time, date and place (using full names and full job designations of staff);
- Be written in ink and be signed by the recorder;
- Be passed to the DSL or Head Teacher immediately (certainly within 24 hours);
- Use the child's words wherever possible;
- Be factual/state exactly what was said;
- Differentiate clearly between fact, opinion, interpretation, observation and/or allegation.

What information do you need to obtain?

- Schools have **no investigative role** in Child Protection (Police and Children's Social Care will investigate possible abuse very thoroughly and in great detail, they will gather evidence and test hypotheses – leave this to them!);
- Never prompt or probe for information, your job is to listen, record and share information;
- Ideally, you should be clear about what is being said in terms of **who, what, where and when**;

- The question which you should be able to answer at the end of the listening process is 'might this be a Child Protection matter?';
- If the answer is yes, or if you're not sure, record and share immediately with the Designated Safeguarding Lead/Head Teacher/line manager.

If you do need to ask questions, what is and isn't OK?

- **Never** asked closed questions i.e. ones which children can answer yes or no to e.g. Did he touch you?
- **Never** make suggestions about who, how or where someone is alleged to have touched, hit etc e.g. top or bottom, front or back?
- If we must, use only '**minimal prompts**' such as 'go on ... tell me more about that ... tell me everything that you remember about that '
- Timescales are very important: '**When was the last time this happened?**' is an important question.

What else should we think about in relation to disclosure?

- Is there a place in school which is particularly suitable for listening to children e.g. not too isolated, easily supervised, quiet etc;
- We need to think carefully about our own body language – how we present will dictate how comfortable a child feels in telling us about something which may be extremely frightening, difficult and personal;
- Be prepared to answer the 'what happens next' question;
- We should never make face-value judgements or assumptions about individual children. For example, we 'know that [child.....] tells lies';
- Think about how you might react if a child DID approach you in school. We need to be prepared to offer a child in this position exactly what they need in terms of protection, reassurance, calmness and objectivity;

Think about what support **you** could access if faced with this kind of situation in school.

Important Sources of Further Information

1. 'Keeping Children Safe in Education', DfE (Statutory Guidance revised in May 2016) with effect from 5th September 2016 replaces 'Keeping Children Safe in Education' 2015 and Safeguarding Children & Safer Recruitment in Education DCSF (2006) and former DCSF Guidance, and makes clear roles and responsibilities of education professionals, establishments and organisations¹.
All staff in education settings should have read and have an understanding of at least Part 1 of this statutory guidance.
2. The Greater Manchester Safeguarding Children procedures can be found on the Rochdale Borough Safeguarding Children Board website www.rbscb.org and make explicit what action should be taken at the point of referral to the Multi Agency Screening Service (MASS) or the police and thereafter²

¹ Includes the most up to date guidance on the requirement for staff working with children/young people to have enhanced DBS checks and Safe Recruitment and Selection processes in place.

² The Greater Manchester Safeguarding Children procedures are available electronically and can be accessed via the RBSCB web site: www.rbscb.org

3. Working Together To Safeguard Children: A guide to inter-agency working to safeguard and promote the welfare of children (HM Government, 2015);
4. What to do if you are worried a child is being abused – Advice for practitioners (DfE, 2015)
5. In addition schools/colleges should have regard to specific guidance given by the Secretary of State under sections 157 and 175 of the Education Act 2002.
